SUMMARY

Design Director with 20 years in design and 4 as Director at Azion Technologies, where I built the design organization from scratch across Product, Design Systems, UX Research, Design Operations, and Creative. Structured DesignOps and governance for a design system consumed by multiple product teams and now in production at Itaú, Magazine Luiza, and Netshoes — a federated, multi-consumer model. Mentored designers across 5 disciplines while owning visual craft, product specs, accessibility, and metrics-driven maturity.
